

One to One Reading Program 2019

Our reading programs offer one to one teaching for students age 3 to adult. We make learning fun in a supportive learning environment that incorporates individual student interest into a program that is uniquely designed for each student.

Our reading programs prepare students to more fully participate in classroom activities at school and complement school based learning through:

- Assessment
- Program design
- Material preparation for both in-class and take home
- Modelling for other team members
- Charting the course for continued progression

Because reading is not a linear process, and many students may be working on skills in multiple levels, we have summarized the main skills your student will accomplish under the following levels:

- **Early Foundations**
- **Success Reading**
- **Launch Pad**
- **Read On!**

Please visit our website for full program descriptions.

Please enquire about bursaries if fees are a barrier to participation.
